Mooresville, IN 46158

Dear Robert,

On behalf of the copper industry, the Copper Development Association Inc., CDA, and the Canadian Copper and Brass Development Association, CCBDA, we would like to congratulate you for being selected as a recipient for the third annual **North American Copper in Architecture (NACIA)** awards program.

Your project submission exemplified copper's superiority in architecture, and we hope your firm continues to be involved in the NACIA awards program in the coming years.

To commemorate your involvement, we would like to present you with a custom-framed copper etching of the project. We hope it will be displayed with pride at your offices, as it represents a celebration of copper's deserving place in the world of architecture and building construction and boasts a distinction of which any firm would be proud.

Thank you.

Sincerely,

A handwritten signature in black ink that reads "Andrew G. Kireta, SR.".

Andrew G. Kireta Sr.  
President  
Copper Development Association
